

K-Drama Listening Guide

드라마 리스닝 가이드

K-dramas are a goldmine for natural Korean. Here is how to turn binge-watching into real listening practice.

The 3-watch method

- Watch 1: English subs — just enjoy and follow the story.
- Watch 2: Korean subs — read along and spot words you know.
- Watch 3: No subs on a short scene — how much can you catch?
